Group: \_\_\_\_\_ Date: \_\_\_\_\_ Lesson Number: \_\_\_\_\_

**Directions:**

- Step 1:** Partner Read: Record a + sign if the student engages appropriately during the reading. Record a - sign if the student disengages during the reading. Additionally, consider using this opportunity to assess phonological/phonemic awareness: rhyming, blending and/or segmenting, or phoneme manipulation using the words on page 16.
- Step 2:** Assess Decoding: Write the words students read correctly. Record miscues by writing the attempt over the actual word in the text.
- Step 3:** Assess Reading: Listen to a few students read the text. Take anecdotal notes or a brief running record on a few pages. Prompt students to retell the story. Use the Retelling Rubric to score their retelling. Use the Fluency Rubric to score fluency.
- Step 4:** Assess Encoding/Spelling: Record a ✓ if the student correctly writes the word. If the student misspells one or more words, record their spelling of the word(s).

Analyze the results from each step to inform your prompting, teaching, or next steps.
