

Dear Families and Caregivers,

During our Phonics Launch lessons, we are learning:

- How to read and spell high-frequency words.
- How to read and spell words with final digraphs: for example, *check* and *flung*.
- How to read and spell words with common final blends: for example, *trunk*, *plant*, and *rest*.
- How to read words by blending four and five phonemes (letter sounds) together.
- How to spell words by stretching and segmenting the phonemes (letter sounds): for example, *plant* (/p/ /l/ /a/ /n/ /t/).
- How to read and spell words with long vowel patterns that end with a silent e: for example, *dime* and *plane*.
- How to read and spell words with long vowel sounds using vowel teams (two or three letters that together spell one sound): for example, *brain*, *gray*, *coat*, and *peach*.
- How to read and spell words with the digraph blend *nch*: for example, *bench* and *munch*.

Here are some activities for you to do to help reinforce your child's new learning and review what we have worked on previously.

- **Reread:** Your child will be getting a Phonics Storybook to reread. The Phonics Storybook may be the physical book or a book to read on the Digital Reader. Have your child read the story to you. Listen for them to read the words accurately, smoothly, and with expression.
- **Scavenger Hunt:** Using magazines or newspapers, have your child search to find any words that have the target phonic element or sight words and circle or highlight them. Your child can also search for images that have the target phonic element sound.
- **Sight Word Tic-Tac-Toe:** This sight word game is like traditional tic-tac-toe, but instead of each player using an X or O, each player chooses a sight word to play with. Begin by drawing the hashtag tic-tac-toe game board. Have each player choose the new sight word or a review sight word and write it in a box. Each player reads the sight word after they write it in their chosen tic-tac-toe box. The first person to get three words in a row wins.
- **Draw and Label:** In this activity, your child will draw pictures of things that contain the phonic skill they are working on. After they draw the picture, have them write the word to label what they drew.
- **Write a Sentence:** Have your child create sentences using words with the target skill and/or the sight word. Remind them that the sentences can be serious or silly, but they have to make sense. When your child is finished, have them go back and circle the words that have the phonic element.
- **Write a Retell (fiction):** After your child has reread the story, have them write to retell the story. They can choose to write about the Problem and Solution or the Beginning, Middle, and End. Encourage them to use at least one word with the target phonic element.
- **Facts Learned (nonfiction):** After your child has reread the nonfiction book, have them write three to five facts they learned about the topic. Encourage them to use at least one word with the target phonic element.
