

# STEPPING Together

FIRST GRADE

## VOCABULARY SCOPE AND SEQUENCE

Below is a list of key vocabulary words that appear in the shared reading texts and decodable Super Stories, organized by module. Knowledge Building and Story Words are listed with their corresponding page number in parentheses below each title. Any words listed in bold print are included in the glossary for that text. Some of the other words may be defined within the text; these may be left as opportunities for students to use vocabulary strategies to define during reading.

Consider introducing three to five of these or other words prior to reading using the following procedure:

1. Provide a student-friendly definition.
2. Connect the word to something students already know.
3. Define how the word is used in the text.
4. Have students turn to a partner and use the word in a sentence and/or give examples of the word.

When determining which words to introduce, consider students' background knowledge, experiences, and oral vocabulary.

Graphic organizers are provided to support students' vocabulary development throughout the lessons. These may be used as a follow-up activity or in a literacy center. You can download them from [pioneervalleybooks.com/st](http://pioneervalleybooks.com/st).
